Bibliography of Jews in the Islamic World

Edited by María Angeles Gallego, Heather Bleaney and Pablo García Suárez

Following the tradition and style of the acclaimed *Index Islamicus*, the Editors have created this new bibliography of studies on Jews in the Islamic World. This compilation brings to light a long tradition of research on the cultural interaction and shared history of Jews and Muslims, carried out by scholars of Islam and Judaism alike. The Editors have harvested a wide range of articles from journals and collective volumes as well as books, combining old with new material. Ranging thematically from religion to science and from law to geography, this comprehensive bibliography is an indispensable tool for readers finding their way in the large amount of secondary literature today.

María Angeles Gallego is researcher at the Instituto de Lenguas y Culturas del Mediterráneo y Oriente Próximo of the Spanish High Council for Scientific Research (CSIC) in Madrid. Her field of expertise is the history and culture of Jews in Islamic territories and, more specifically, medieval Judeo-Arabic. Previously, she has co-edited the bibliography *Afghanistan* (Brill, 2005) alongside Heather Bleaney and worked as indexer of the *Index Islamicus*.

Heather Bleaney is Editor of *Index Islamicus* which is compiled at the School of Oriental and African Studies Library, London. She has contributed to a number of publications on the modern Middle East.

Pablo García Suárez is an editor of Index Islamicus and translator of modern Arabic literature and journalism into Spanish. He regularly teaches seminars on journalist translation at the Escuela de Traductores de Toledo (Universidad de Castilla-La Mancha).
